Organiser / planner's comments

My apologies for the wrong code number, 75 instead of 57, for 'The ruin NE side' on the Short course description list - it was correct for the other courses. I hope it did not cause anyone a problem. This year no controls suffered disturbance, unlike last year. I did try to make them less obvious to the public, without hiding them excessively and I am sure that the unpromising weather helped. Fortunately, the worst of the rain came after the event was over.
